openSUSE Travel Support Program – Reimbursement Agreement

Request #6 · Agreement generated 2026-09-03

PURPOSE OF THE TRAVEL SUPPORT PROGRAM

The Travel Support Program helps community members attend events they otherwise couldn't afford. It reimburses part of the cost of travel and accommodation (flights, trains, hotels) for people going to open-source conferences like openSUSE Conference or FOSDEM to speak, run booths, or otherwise represent and promote the project. Applications are reviewed by a small committee, and funding is partial rather than full.
